

● AUTOMATIC STAND

Best marks for posture in all positions

Technical information

If you want to maintain your posture, you can't go past the automatic stand from Wassermann. Using the electronic foot switch, you can adjust it to suit any body size - even working seated. It allows optimal body carriage and therefore maximum concentration for working without tiring.

- automatic stand for ergonomically optimised working
- adjustable from 740–1090 mm
- maximum applied force of 120 kg makes it suitable for almost any equipment on the market
- motor overload protection as standard
